Q3 2024

WORD FROM THE NEW CHAIRPERSON

I'm both honoured and excited to step into the role of Chairperson of OVSRA. Keeping our community safe is our top priority and a shared commitment we all hold dear. Over the past few months, we've made significant strides, including moving our Control Room to Onrus. Building on the solid foundation laid by the previous Board, we're looking forward to embracing new technologies, expanding our camera network, and strengthening collaboration.

I'm incredibly proud of our team, who work tirelessly day in and day out—patrolling our streets and monitoring cameras—to keep us safe. There's plenty of work ahead, but with your continued support, I'm confident we'll make Onrus Vermont an even safer place for everyone.

A special thanks to the Board for starting this term with such energy and a strong sense of responsibility. We've already hit the ground running!

Ek is beide geëerd en opgewonde om in die rol van Voorsitter van OVSRA te tree. Om ons gemeenskap veilig te hou is ons topprioriteit en 'n gedeelde verbintenis wat ons almal belangrik is. Oor die afgelope paar maande het ons aansienlike vordering gemaak, insluitend die verskuiwing van ons beheerkamer na Onrus. Om voort te bou op die stewige grondslag wat deur die vorige Raad gelê is, sien ons uit daarna om nuwe tegnologieë te omhels, ons kameranetwerk uit te brei en samewerking te versterk.

Ek is ongelooflik trots op ons span, wat dag in en dag uit onvermoeid werk—wat ons strate patroleer en kameras monitor—om ons veilig te hou. Daar is baie werk wat voorlê, maar met jou volgehoue ondersteuning is ek vol vertroue dat ons Onrus Vermont 'n selfs veiliger plek vir almal sal maak.

'n Spesiale dank aan die Raad wat hierdie kwartaal met soveel energie en 'n sterk verantwoordelikeheidsin begin het. Ons het reeds die grond geslaan!

Groete
Caroline Gabb

INCIDENT REPORT

In our Year to Date (Jan-Sept '24) report it is clear to see the efficacy of our CCTV monitoring system. We expect the total number of reports from CCTV to pick up and overtake the other sources as we roll out even more cameras.

An “Incident” is anything that is reported to the Control Room, this can be crime related or anything general.

FUNDRAISING FOR ADDITIONAL CCTV CAMERAS

Currently the OVSRA operates and monitors 40 CCTV cameras. We have had a look at the existing locations and overlaid crime trends to ensure that our network of CCTV cameras remain in optimal locations. 3 of our current cameras will be moved to more optimal locations. On top of this, we will also be rolling out **8 NEW** cameras at various locations. This will bring the total number of cameras to 48.

With that being said, we have set out a target of **R100 000** to be raised from donations. This will allow us to roll out even more cameras on our network. If you would like to donate towards this fund, please use the following details:
